

## Full time service, without the overheads

Smarter tailored vessel management to suit all budgets, where we differ is in how we share our crew of experts across our managed boats. Take advantage of group rates with others on similar maintenance schedules.

Smart aye!

Are modern  
controllers  
catching up on  
you?

We get it, however, we also  
make it easy to master the new  
tricks and toys.

We can train anyone!

Full time crew,  
Why?

Take advantage of our team  
working full time across our  
group, rather than one off jobs.

Peace of mind.  
That's smart vessel management.

We know the  
best times to lift

Relationships, our secret.  
We get the inside word on  
spaces and last-minute gaps.

Why pay peak rates?

Arrive ready,  
not early.

Remove your shoes and go!  
Your boat is setup before you  
arrive then taken care of after  
you leave.

Enjoy your day  
Leave it to us.
